“ To the Fritz Family,

I, Dan Shriner(Uncle Dan) write this with a heavy heart knowing that my good friend "Eddie" has been called home to be with the Lord. I worked with Eddie when the twins were born and what a proud father he was. He couldn't wait to take me to meet his wife Starr and his two girls. It was an honor for me to become part of his family, listening to the stories of parenthood. As the years went by, our communications became less with the last time I saw of my Buddy was in 2008 when we shared a room when we traveled to Kentucky for a short term job. I tried in recent months to reconnect with Ed, sending a card and leaving a brief message to information I got off the internet. I never received a reply so I don't know if he ever knew he was always in my thoughts and Prayers.

I have a lot of fond memories working with Eddie, but one that stands out the most is when he was helping me with a welded gas main on the roof of a Dicks Sporting Goods store in Livonia in the winter. As I was welding, I could hear Eddie laughing with screams of enjoyment calling for me to join him in making "Snow Angles" in the snow drifts! I couldn't resist his happy go lucky spirit, soooooo we both did a few of them before we broke for lunch in a warm building. My treat

Im sorry I never got a chance to reconnect with him I just wanted to let him know he touched my heart and soul through the years I knew him.

May Eddie rest in peace in the hands of the Lord

Sincerely,

Dan Shriner
