“ Some of the best of the best in the industry.
I just learned of Doc's passing as I was creating the obituary for David Landrith I didn't know Doc personally but the Landrith family did as Doc and David worked together on several projects.
So sorry for your loss

“ I had the pleasure of getting to know this fine man while working in Grand Blanc. He was a true gentleman and, as I can best describe it, reminds me of the movie "Big Fish"!! He was a character, a generous man, and will be missed by people far and wide. I feel honored to have had his company on so many occasions. RIP Doc, and to his wife and children, I am so sorry for your loss. The world lost a true class act.

“ Doc Watson was a very nice, humble man. I had the pleasure of hanging out with Doc Watson at one of the Woodward Dream Cruise parties. It was truly an honor to even be invited to one of his parties. He gave a lot to the auto industry and he will be truly missed. RIP Doc Watson.

“ While I only knew "Doc" for a short period of time, there are very few individuals that have helped so many, in so many different fields of life, so unassumingly. Doc was an inspiration to many merely by being himself and investing his efforts to "leaving things better than you found them". Thank you Whitney for reminding me of this when we talked recently. As the former Director of he Michigan State Fair, I saw first - hand Doc's willingness to give of himself in order to benefit a cause/others. The Michigan State Fair always highlighted the best that Michigan had to offer...Doc Watson was indeed the Best!

Thanks for helping to create memories.

“ Met Doc Watson quite a few times in my career, always in passing, and always through mutual friends. Always a "regular Joe" to talk with, but inside I knew I was shooting the s#!t with a real legend and felt privileged every time to have even half an hour of casual conversation with someone who has done so much in an industry that flows in your veins if you're a real wrench at heart. RIP Doc, and thanks for making everybody you met feel a little more a part of this great business and life!

“ Patricia, Jason and Whitney,
SO sorry to hear about 'Doc' - he was one of mt dad's greatest friends and poker buddies. The stories my dad would tell about their antics were quite "entertaining".
Your husband/dad will be missed ...

“ I met Doc almost 40 years ago, playing with him in a golf scramble in Fenton. My observation then and now is that he was a character, impossible to forget or ignore, kind of a force of nature. Moving forward, he always went out of his way to acknowledge me; and he continued to include me, Jim McLogan, Dale Grainger, et al, in virtually every lunch, dinner, golf outing, or charity event that he hosted or otherwise participated in. He had a huge heart and was a generous man, and a great story teller. It was never a bad day when I walked into a room (bar?) and Doc was holding court. I will miss him greatly, and I've lost a "top tier" friend. I'm going to walk upstairs now and inform my "much better half" Deb Clary of this news, and she will be greatly saddened as well. “ My name is Jeff Glen and I'm from Rochelle, IL. I met Doc last year in Indianapolis at the Hurst/Olds National Meet. I must say it was one of the great thrills of my life to meet this man who had such a storied career and significant impact on the automotive world. I have a 1975 Hurst/Olds and Doc autographed my glove compartment door. I was able to talk at length with him and get my picture with my son. What a great honor to meet him. I only wish I'd had more time to get to know him better. My sincere sympathies to his family. He will be greatly missed. God bless.

“ Having known Doc' for a short ten years, he truly was an amazing man who lived life to its fullest. A great supporter of the automotive performance world, the car collecting hobby and the 'Back to the Bricks', 'Doc' took a gamble on the 'BttB eleven years ago and we can honestly say 'he hit the jack pot'. Your presence will be missed but your spirit will always be with us. Until we meet again on the 'great highway in the sky', rest in peace my friend. And to your family, on behalf of the BttB event committee and Board of Directors, our sincerest condolences.

Sincerely,

“ I, like so many others, was privileged to know Doc as a true humanitarian and a walking piece of automotive history. His generosity was incredible as he gave of his personal time so willingly and often. He truly "paid it forward" with so many people and organizations and is now rightfully cruisin' the great highways above.

Several of his autographed photos and posters adorn my garage walls, along with other wonderful gifts. I'll smile and fondly remember Doc every time I see one of them.

RIP, Doc, you were certainly one of a kind and will be missed.

“ I like so many others grew up with the “legend” of Doc Watson and George Hurst. I was born to be an Oldsmobile enthusiast and carried that into my professional career in the auto industry. I was blessed to be part of the R.E. Olds Transportation Museum in Lansing, where I had the opportunity to first meet 'Doc' and Linda Vaughn. But Doc came to work for my company after I left GM, and I got to work side-by-side with my long-time hero. He was talented, but could be stubborn. He also was local and we visited a few times in Grand Blanc at his new venture. Although I only knew you for a little over 15 years, my time and experiences are memorable. I met Whitney on a couple occasions too. My heart and prayers go out to your family! You have a great place in automotive history, and in our hearts too. Greatly missed!

“ I had the great pleasure to meet Doc at the Fox & Hounds. He was a delightful customer and an entertaining part of so many of my days. In Las Vegas he introduced us to so many people at the annual SEMA show. He was funny, sweet and generous to a fault. I was so saddened to hear of his passing. I wish all of his family peace and the joy of knowing how many people he touched with his kindness.
