

Suk Ja Kim

October 10, 1944 - April 21, 2020

On Tuesday morning a DETROIT LEGEND and our beloved mother Kim set sails for the next realm. We are devastated to have lost a great woman to heart failure and complications stemming from a previous fight with breast cancer. She was 75 when her 60 day battle ended.

She was a singer and model before becoming a hard working Christian entrepreneur in America. She lost her husband to death when her 2 boys were toddlers. She guided herself and two sons from the clutches of poverty and out of Detroit's notorious ghettos. She was a tough single mom that educated her boys and taught them how to love others and fist fight bullies. She loved American culture and was a great dancer. Her efforts and hard work in a variety of projects will be world recognized someday. Recently her family has been honored as the best Asian carryout in Oakland County.

A strong single mother, A Korean and a great American. She is survived with 7 healthy grand children and everyone that knew her.

Rest in Peace umma. Bye umma. Mike and I love you.

You are all we had and all we ever needed.

Her recipes and hard working spirit shall be RENOWNED for decades to come.

SARANG HAMNIDA

Comments

“ Your mother would give me homemade Kim chi whenever I stopped into the store on Dixie.
She was beautiful. Inside and out. My deepest sympathies to you. The world has lost a gem.
