“ Sue, I'm so sorry for your loss. You and your extended family are in my thoughts and prayers at this difficult time. Words are inadequate to express what one's heart feels at a time like this.

“ Lori, Bill and Tom. Marty and I are so sorry for your loss. I will never forget growing up across the street from your family. Your dad gave me my first motorcycle ride and we had so much fun in the pool. Our thoughts and prayers are with you during this difficult time.

“ Lori and all your family, Tom and all your family and Bill and all your family. We have talked many times about the good times your family and ours shared through the year. All the camping trips up north and at minawanna. Up at your Dads place at Caseville. and the pool parties in your back yard. Always got together on the holidays when you kids were in school. Couldn't have been closer cousins. Everyone moved away to different states, but still felt close in our hearts. Virgil drove Shari and I to Goodrich Hospital a couple of times when Shari fell and got concussions. Shari got sick on the way and threw up in his gold cadillac. That up set him, but he was good natured about it. He always helped us when needed. He drove up to Midland Airport when Mom got back from Houston from her aneurism Surgery and made up a bed in the back of his van and drove her home. Took her fishing different times. He did have a funny sence of humor. There are alot of good memories. I know how hard it is to lose your parents, We also lost Al this year in February and his Mother, Jennie Marien this last July. You kids and your Mom and Dad were a big part of our life and ours your I hope. God Bless you all. All our Love to you..The Marien family. Steve& Judy, Ronnie and Shari Beshers.
