“ Aunt Vivian, not having children of her own , often would rotate picking us up for the day many times going shopping to Detroit for example or to an apple orchard for fresh cider and doughnuts or to the home in holly where I once got in trouble after unloading groceries to the kitchen Monty let me move her car I was very very young and only moved it a short distance and luckily without damage but when Aunt Vivian found out oh boy did we hear about it. Lol Aunt Vivian would always stop at the ice cream parlor in holly on the way home and buy me whatever I wanted for helping her and keeping her company she would say. Grandma Childs often would be along as well. One year I was able to go with Aunt Vivian Grandma and Grandpa to Traverse City on a fishing trip I was thrilled with the fish I caught and kept bragging about it until Aunt Vivian while at dinner asked the waiter if the restaurant would consider cooking that fish for all to split at dinner that shut me up. We stopped for cherry pies and a flat of blueberries on the way home one of the best childhood memories I have. In recent years we would Skype and chat on facebook as often as our schedules could meet many times late at night I mention this because she was MY FRIEND and I will truly miss you Aunt Vivian Thank you for being my friend. “ I and the whole Mesa Palms Seventh Day Adventist family want to send our condolences to the Vivian Sunday family! Vivian was a wonderful giving person! Her life was about meeting the needs of others. She wanted to take care of the elderly so she owned and ran a care home for a number of years. She loved her family! She loved her church! She was a person of her word. If she said she would do something, she would do it! A person of true Godly character!. I personally am going to miss Vivian and our many conversions about Jesus and his soon coming! She was really looking forward to that great event! Now she is a conscious moment away from Jesus coming! She wants all of her family to be there! John 14:1-3 sums up life's goals. "Let not your heart be trouble. You believe in God, believe also in me. "In my father's house are many mansions; If it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you I will come again and receive you unto myself; that where I am , there you maybe also." God bless the Vivian Sunday family! “ I remember going out with Aunt Vivian for dinner one time (she loved going out to eat) and her and Doug picking back and forth with each other and her telling him "I'm gonna fork you" and trying to poke him with her fork..The whole table cracked up..I will always remember her always smiling..

“ I truly enjoyed and cherished both my work as her admin. assistant at the nursing home and as her friend outside of the office. Both she and her mother were nice ladies and I can say I am glad to have counted her as a friend. Remember the day a sparrow got in her home and she called me very upset saying it was a sign of death. I chased it finally out and roared with laughter. Just thinking makes me smile. Rest in peace Vivian.
