“ I had the privilege to know Jean all of my life and to be able to treasure my time with her while I lived in Michigan and grew up planing around her rambling house and woods. I will always cherish those memories I have along with all the cheerful letters we always exchanged when I moved away. Jean was such a kind and caring soul who will be forever missed. I will never forget the heartfelt letter she wrote to me after my own Mom passed nine years ago. She shared with some wonderful memories of time they had shared together before my brother and I were born which gave me a totally different perspective of my Mom. I will always hold those words close to my heart forever and be thankful to Jean for writing them. My heart goes out to her family especially her kids Kim, Brad and Todd, I know how your feeling and what a terrible loss this is for all three of you.
