“ *I've known Becky since I was 5 years old.
Her, Dianne and Grandma Alice were all there
at the beginning of Zemmar Drugs. They kept
me busy many of times and taught me a lot
even when they were unaware they were
teaching me something. I will always remember her kindness and
her wonderful way of looking at things. She always had such a
positive view on life. These women were the elders in my life, that I
looked up to and had such great respect for. She will be remember
with love and honored in my memory. Much Love to all who loved
her. <3*
