“ *My deepest sympathy to the family of Apple Boothe. My auntie Apple was a patience lady who always had a smile on her face and a twinkle in her eyes. She taught me how to make homemade dinner rolls from scratch! No matter how many times I made a mistake, she made sure I did everything on my own while she supervised. Auntie will sadly be missed!*

God didn't promise us days without pain, laughter without sorrow, or sun without the rain, but He did promise us strength for the day, comfort for our tears, and light for the way. If God brings us to it, He will bring us through it.

May the constant love of caring family and friends soften your sadness, your cherished memories bring you moments of comfort and lasting peace surround your grieving heart.

*Much love to my family,
Ora Etchen-Boothe and family*

“ A very dear person has left us. She graciously took care of my children, including a set of twins, while I worked. I never for a moment worried about them. She was truly a gift sent from God! We continued our friendship until her departure last week. My children respected her and thought of her as their second mother. God Bless you, Apple. May you RIP.
