“ *Such a dear, dear girl. We met when I started to work at the OCCU in 1984. I went to work because my son was starting college that fall and we could use the extra money. Chris was the same age as my son, so I guess that was one reason we got along so well. My husband and I were at Chris and Randy's wedding with all of the other employees who were all so fond of Chris. My thoughts and prayers go out to her entire family....such a great loss. “ *I am so sorry for your loss. Chris Cook will be missed greatly by her co-workers too. Chris helped me become a better employee and co-worker by pointing out to me that my words in an email were harsh and unkind. I am grateful for her addressing this and have since that time tried to filter my words . We were blessed by Chris as a co-worker in many ways. She did a wonderful job organizing and planning our Bowling Fund Raiser to raise money for Pancreatic cancer research. I didn't work directly with Chris yet she made a very positive impact on me. I will miss her and an thankful for the life she lived.*
