You always called mom your sister as she did you, and the stories that were told through the years! LOL But you and John stayed with us kids thru alot. You brought snacks and stuck it out with us because that was your sis. You both showed a strong bond some will never know. We all seen this, was so amazing the love. “ *Dear Grandma,
I am not sure if you realized how many lives and hearts you touched. You forged through life and showed your family and friends how to just keep going even when things were bad. You showed how to forgive (maybe not forget), to be kind, to be strong, to be patient and how to move forward. But most of all you showed how to love unconditionally, I hope I grow up to be just like you. Loved and loving, kind, patient, strong, a bit of a smarty pants, a bit cranky and every other part of you that made you the woman that I will always love and admire. I love you Grandma. I will remember our last day together when you kissed and hugged me bye and told me to tell Joel and the boys you love them and told me I love you. I will miss you always. Missy*
