“ My brother is one of a kind Fearless and had a big curiosity about life. Sometimes he would be the first to try something new . I remember our father talking us to what we called the gravel pit and it had a lot of water in it we would swim and fish there .will the first time we went my little brother dove in front a high place on the side of pit and I don't think he could even swim. And if he could he was a benigner .And Daddy had to pull him out .Our childhood is my greatest and most Cherist memories growing up with him and all of my brothers and sisters
