“ *My Deepest Sympathy to the Harrison Family. Don was a great guy and a good friend. We had worked together at Hadron (Lamb Co) for many years- working long hours and producing fine machines. It was an honor to have worked with him.*

*Sad news hearing of the passing of Don. I had the pleasure of working with him both at Lamb and at Heller. Don was not only a pleasure to work with, but a fine man to know. There are people that we bump into doing our life's travels that we always will remember, Don Harrison was one of the special ones.
My prayers go to his family.*

Herb and I were deeply sadden to hear about Scott's passing. I know how much he loved the out doors and coming to Crane Lake each summer. He was always busy doing things around the cabin, or on the water. Keep those wonderful memories close to you. Sending love and prayers to all of you.
