“ Amber - I am saddened by the loss of your grandmother. She had been a friend since meeting each other as employees of Clarkston Community Schools in 1974. We enjoyed working together with elementary school children until her retirement. We continued our friendship throughout the years since; meeting for lunch, visiting local places of interest and just having long conversations with a cup of tea or coffee.

I will miss the intelligent and knowledgeable information she shared with me.

She was very proud of you and your accomplishments.
