

## Dr. Edward T. Lock

July 28, 1939 - September 30, 2023

Dr. Edward T. Lock passed away Sept 29, 2023. He was born in 1939. Ed can best be described as a husband, doctor and father. He and Ellen met working at a camp called Camp Cheerful, a place for special needs children. They fell in love. They married in 1962 and moved to Holly where they started a family and soon became a deep part of this community. He was the town physician and Ellen taught, worshiped and sang in church and served on the library board. They raised a family and life was about that. We grew up close and that time was so precious looking back. As time passed, Linda and David grew and had their own children. Ed cared for Ellen through her long course of dementia. We learned more about how loving and dedicated he was to our mother during that time. Ed loved nature. We think back about so many times we spent outside together. We feel close to him when walking in the woods as we mourn him. He will be so very much missed. Details currently pending on service.

“ So many memories came to mind when I saw this. In childhood, I used to go to their house to hang out with David. Dr. and Mrs. Lock were always so kind, caring, friendly, and funny. I will always remember those times very fondly.

*David and Linda, I'm so sorry to hear of your loss.*

“ Linda and David, we are so saddened to hear about your dad. We have so many wonderful memories of good times we shared with both of your parents from preschool, scouts, church and the many trips we took with them. Those cherished memories bring smiles to our faces as we recall the laughter, adventures, quests for the perfect piece of pottery, games of dominoes and cards. We were so blessed to call your dad our doctor and even more blessed to call him and your mom friends.
