“ I was deeply saddened by the passing of Jacqueline. I spent most of my school days with Jackie and remember many special times we spent together. I saw Jackie 2 years ago at a luncheon with other classmates when I was visiting in Holly. She was a wonderful person and a great friend. She will be missed a lot by everyone who knew her and will be missed at our class reunion. My prayers go out to the entire family.

“ My mom , Theresa Fowler was a long time business associate and friend of Jackie. I remember Jackie as someone of character and very respected among her co-workers and friends. She was a very kind, gentle individual, and very soft spoken, but always got the point across. My thoughts and prayers are with all her family. I know she will be greatly missed. “ I met Jackie in 1970 when I joined Home Interiors and we worked together for around 30 years! She was such a special person and we had so many good times together, working, traveling & just having fun! We were both Mgr & she did such a great job & helped so many reach their potential! She helped Home Interiors become the great company it was!
I hadn't seen her in the last 10 years as I retired & moved to northern Mi. I regret that and wish I would have stayed in contact! She is at peace now & spending her time with your dad! I know they are looking down on all of you & feeling so proud!

We are sorry we can't be at the funeral as we are in Ga! If we can't be there in person know we are in spirit! Our thought & prayers are with you all!

“ Jackie and i grew up together in the same neighborhood and i have a lot of great memories. We graduated in 1958 together and later on when she and Bill Taylor got married they had two daughters, Robin and Krisi and my wife and i had two daughters, Patti and Janet and they were all the same age and we started taking a lot of trips together and we always had a great time.

I was very lucky to get to see Jackie this past year when i was in Michigan visiting my daughter Patti and i also spoke to her recently on the phone. Jackie was a wonderful person and will be greatly missed. My prayers and thoughts go out to Robin and Krisi and their families.

“ Jackie was such an inspiration to me in my life. She was a woman full of compassion, a woman who really cared about bringing out the best in everyone she encountered, and a smart and hardworking business woman. She inspired me to be the best that I could be. I would not be a business owner today without the training and wise counsel Jackie gave.

Jackie was not only a business associate, she was my friend. She always wanted to know what was going on in the lives of people she cared about. We had many fun times on girl get-away trips, lunches filled with laughter, and sweet times of shared encouragement. I will miss Jackie greatly.

Rest in peace my sweet friend.

“ Jackie - a very special friend and teacher. I've known Jackie for 36 years and worked with her in Home Interiors for many of those years. She has had many meaningful influences in my life. She was a very hard worker and when the work was done.....she loved to laugh and have fun. Shopping was always a fun experience with Jackie. We often talked about family and family values. She was always willing to 'go the extra mile'. I will miss Jackie at our occasional reunion lunches. May God bless her children and grandchildren with His peace.

“ Jackie was one of my life long friends. I worked with Jackie in Home Interiors and promoted out as one of her managers. After we all retired we met for lunch for many years and would just spend our time laughing, but most of all getting caught up with what was going on with our families - and Jackie wanted to no every detail, which always made us laugh. Jackie was a big influence in my life and I will miss her dearly.....
