“ So sorry to hear about Joan, She loved our Dad and her extended family. I feel bad about not visiting her more after Dad passed away. My heart and prayers are with her family and friends during this difficult time.

We drifted apart after my Dad passed away. Joan was loved by all of us. We will always remember the years of happiness she brought to my Dad and our family.

I was so sorry and surprised to hear about Joan's recent passing, although we were almost the same age, Joan always appeared to be the healthiest between the two of us. As my brother and sister stated above except for the occasional remarks in Facebook we had drifted apart since my Dad's passing. Joan was always very caring of my Father especially in his later years when he was ill. My prayers will continue to be for her family and friends in this difficult time.
