“ Judy, you will be missed by so many. You were forever cooking for a family suffering physically or emotionally. You were so concerned about Holly students who didn't have money for lunch that you and Rich provided a fund so that a student would not go all day without a lunch. You were forever calling to check on your friends and family and would drive them to doctor appointments, or let their dogs out while they were away, or working on fundraisers. You had a heart of gold, and the soul of a true caretaker. I am honored to have met you and that I can call you a friend. I will miss your telephone conversations, your book club night, your sense of humor and your friendship.

“ Judy you were my long time forever friend. We spoke everyday, we shared so by many good times together. We laughed, we cried, we both tried to make this world a better place to live in. You took care of the sick, and helped me with my fundraising golf event, you met a beautiful Angel family and became involved by taking the family out for fun adventures to a candy store, and ice cream store, you loved children, but mostly your Ben and Nora, there wasn't anything that you wouldn't do for them, you were the Super Nana, and your daughters Alli and Jenn, you couldn't be any prouder of them, never missing a Holiday, it was important to you to always celebrate every holiday with a adorable gift for your girls. You and Rich helped whenever I asked , especially if it was a family in need, our husbands would run to the stores to make sure that the families in need had a good Christmas, not many people know of how much that you did to help another person in need, but that's how you wanted it, you felt that it was better to do a good deed without all of the glory. I could go on and on, but lastly what I want you to know is that I will miss our daily talks, your concern for others, your heart was full of hope for man kind, a gift that not many of us have. Thank you for the lessons my friend, for your support, and love and guidance that you have shown me for the past 15 years, I will miss you every day of my life, I can't thank you enough for your gift if friendship ❤️
