“ God and Heaven received a true angel when Kevin went home to be with the Lord.

Kevin was an amazing man, a true friend and believer in Christ. I had the honor to work with Kevin at Silverthorne Police Department and when he was with the Summit County Sheriff Department. Kevin loved golfing and shared that love with many, as well as driving golf balls from our deck toward the Blue River while friends were fishing, and in his garage where many balls became permanent fixtures in his garage door and walls! He was a kind and gentle soul and touched and helped so many lives. Kevin was always there to lending a helping hand and giving what he could to help those who needed it.

Many times Kevin and Mark would have "Jam" sessions with the piano, Banjo, and guitar.

Kevin would walk in a room and there was peace and love with his presence.

Kevin rest in peace, your hard work here is done, you will be greatly missed and always loved by those you leave behind.

May Kevins family find peace in the days ahead knowing how much he was loved!!

*Our sympathy to the family,

“ God has truly brought a true Angel home!!! I had the honor and privilege of knowing and working with Kevin at Silverthorne and during the time he was with the Summit County Sheriff Department. Kevin was an awesome friend and always there to lend a hand or bring a smile to those who knew him. Kevin was always a positive person and tried to instill those vibes to others as well as sharing his love for Christ. Many good times on the golf course or just driving golf balls from the deck of our house or in his garage, and lord the number of golf balls imbedded in the walls of that garage!! Kevin has gone to a greater place and no longer will be suffering. We will have him in our hearts and soul and will Love and Miss him always! A special thank you and loving sympathy to his family for sharing him with so many. Know he touched so many lives and truly made a difference.

“ I am deeply saddened of hearing of Kevin's passing. We were both deputies with the Summit County Sheriff's Office in Colorado in the 90s. Kevin and I were also roommates for several years during that time. Kevin was one of the most giving and selfless people I have ever known. If you needed anything, Kevin would give it to you. The golf clubs I still play with today were given to me by Kevin when he got a new set. I remember when my wife Sara, who was my fiancee then, would cook a big meal for us and Kevin would be content eating a big block of cheddar cheese and a bag of tortilla chips. He did this often. I never understood how he remained so physically fit with his eating habits! Kevin was a great man and my heart goes out to his family.

“ I too had the distinct honor and privilege of serving with Kevin in the Colorado Air National Guard, with the 140th Security Police Squadron. I deployed with Kevin to Desert Storm and on numerous additional deployments for annual training. Kevin made the decision to leave the military to pursue other career opportunities, I chose to make a career out the military and retired after thirty years. The reason I mention this is that in my thirty year career there were very few NCO’s who were held in such high regard as Kevin. Kevin epitomized the spirit of leadership, integrity and honesty. In conversation Kevin was often referred to as, “The Sergeant,” other individuals may have held the same rank but few could compare to Kevin’s conduct and character. We also used to joke around in that when we suspected someone may have been embellishing a story we would ask that person one question, “Is that the truth by Kevin Trimbath standards?” After being asked that question the individual more often than not would amend their story. I was saddened to hear about Kevin’s passing, in looking at some of the other posts it is apparent Kevin made a lasting impact on everyone he came in contact with. I was proud to serve with Kevin and glad I was able to be a part of his military life. I know other members of the squadron would agree that we were lucky to have served with someone of Kevin’s strength and caliber, he brought out the best in all of us, he will be truly missed, and that is the truth by Kevin Trimbath standards.

“ I have one more great memory to share of Kevin. I love golf. It is a passion. I've been playing for about wi yrs now. I owe it all to Kevin. We used to play softball together every spring and fall. One summer he asked me to go golfing. I laughed at him and told him I only play games that are physical. He finally convinced me and I was hooked eve since. We would play all year long. Especially in the winter because the weather was a balmy 45 degrees in Denver. I am playing golf this week and when I tee it up I will thank Kevin from the bottom of my heart for making me play golf. He will be missed.

“ I am deeply saddened of learning of Kevin's passing. He was a true friend and a genuine good soul. I knew Kevin through his law enforcement service in Summit County, Colorado. As the county court judge, I worked closely with him when he was a detective and when he was the Commander of the Summit County Jail. He re-wrote the jail policies and procedures to provide fairness the the people being housed in the jail. He sense of fairness and empathy will be missed. More importantly, I will miss his calming presence. I will miss the friend who went on golf outings with me. The friend who helped me build a massive retaining wall that was (and still is) perfectly true and level. I will miss the Michigan man who rode shotgun with this Buckeye. If I had his address in heaven, I would send him care packages with cds of Seinfeld shows like I did when he was on his peacekeeping missions. Rest In Peace my dear friend, the physical suffering is over. Enjoy the Lord's company. I know you "earned you wings" so many times over. I look forward to seeing you again. Your friend, Ed Casias.
