“ *It was such a pleasure knowing and working with Mike as he was my inspiration on how to work hard and have a good time doing it. I learned so much from Mike and my cousin Dave Linsenman about the GM systems and processes, along with the sharing of many life stories. I always said that Mike and Dave are like a pair of book ends and I always looked forward to hearing from him. I truly enjoyed being around him. I wish for Mike's family to stay strong and continue his legacy to live life with fun and laughter! God Bless!*

“ You taught me how to enjoy the little things in life. How to be humble. How to try new things and not worry if I failed a time or two and how to get back in the saddle. You stood up to my demons until I became brave enough to do it on my own (You also let me watch horror movies at the age of 5, even though most of the time I did it without you knowing). I always wanted to be just like you. Hard working, creative, always making people laugh and always seeing the good in everything. You have always been that ray of sunshine that shines even on the darkest of days. I don't like to think of things in a way of you being gone, I more simply, can't. I like to think of this as an extended vacation for you and we will meet again someday. For now, I can see you in all of the smiles shared when you are mentioned. I hear you in every laugh. I feel your presence when the sun shines down on us and I can hear your voice in the breeze. You have always been such a strong, smart (yet stubborn) and funny man but I know that's just how we Goodman's are. We all miss you so dearly, you were taken from us far too soon. Until we meet again though, I love you Dad. R.I.P.

“ Sorrow fills my heart as I realize this gentleman will no longer smile at us on this earth. Until we meet again Hook, you just smile on us from heaven above. The void you left can never be filled. Golf everyday, keep an eye on us down here.

“ *When I first came to GM, Mike immediately took me under his wing and taught me everything he knew. He always looked out for me and made sure I was on the path to success. His contagious enthusiasm, positivity and humor is what I will miss the most. It was an absolute honor to be trained by and work with the legend himself. I am proud that I had the privilege of not only working with him, but being able to call him my friend.*

Keep a smile Mike and practice your golf swing!!

“ I've worked with Mike for years and I feel privileged to say I knew him and to call him a friend. Always a smile, ALWAYS a good story to tell and always messing with me :) He spoke so lovingly of his family and loved telling about the wonderful trips he took with Diane. He worked hard, was a great teacher (Professor Goodman) and never complained. Simply loved life. You will so be missed Mikey. My thoughts and prayers are with the entire Goodman family as you deal with this very painful loss of a great man, husband, dad, grandpa and friend.

“ My heart hurts so bad knowing I wont get to see that smile, hear that laugh, or hear "and how are you doing young lady?" When I walk in their door. Some of my favorite memories are with Kayla and her family. The tigers games, casino trips, dinner and lunch dates, halloween, all of the New Year's eve parties, spending multiple hours trying to get out of a parking garage making fun of the other people and dancing and singing(doing nothing but making us look like the crazy ones),and just the amazing company. I always feel welcome at the Goodman house, always excited to be there. All we can do is hope that he is watching over all of us. Until we meet again. RIP Dad #2! We will always love you! 💔

“ I worked with Mike for many years at GM Truck Engineering. Whenever I would feel 'down in the dumps' I would talk to him and always feel better. Mike was absolutely one of the 'good ones'. He did his job very well and had that constant 'up beat' personality.
