“ Mikey it saddens my heart to know you're not with us anymore, even though I did not see you very often I love you and cherish the memories of you that I have. When I was a child I loved it when you're family would come to visit and how you and I would play together and talk about trains and clocks. Sometimes I would watch you take apart things and put them back together and they ran better than they originally had. My heart is with your family having to endure your loss has to be so hard but as with everyone you have ever encountered you left an impression of a dear heart and soul that you were. I love you Mikey you are now with your Jesus, mom and dad tell them I said hi.
