“ Because life happens, I have seen Mike only once since we graduated. I cannot offer any insightful comments on his recent history but what I can say is during the time our lives overlapped: "not once". Not once did I ever see that guy without a smile on his face, not once do I ever recall him saying anything negative about anyone or to anyone and not once did I ever hear anyone say anything negative about him. Mike was the kind of guy you were happy to be associated with and I am grateful to have been left in a position to call him "friend". Even as I write this I can see that big, infectious smile on his face and hear him say, "Hey Kev!" whenever he saw me, and it makes smile. What a good soul. What a blessing.

To his wife, his children, his family and circle of friends, please accept my deepest condolences on your loss.

“ I feel a deep sense of loss hearing of the death of Micheal Volz. He was a wonderful student of mine and I loved his Dad, Larry, so very much when I taught at Holly high school. Larry was so proud of him. I remember Mike's grin that you know by the sparkle of his eyes somehow he was going to get into mischief at my expense somehow but he was such a great kid. I am sad that I never got the opportunity to personally thank him for the privilege of having him in class. My thoughts and prayers go out to his family. May the thought of how highly regarded Mike was to other people help with the healing of your sadness and grief. Please remember his smile, it was golden.
