“ ❤️ *My favorite memories of Noella were our yearly trips to the different cider mills and of course our trips to Markowycz for our favorite krakowska, kielbasa, pierogi's and the Angel wings from the bakery there.... Yumm, we would be smelling all that great polish food in the trunk and have to pull over to make us sandwiches right out of the trunk...she was the glue that held the family together and her house was all of our houses with tons of wonderful memories with her and Mo that we will hold close in our hearts till we meet again 🤔 Please know that I am with you Laura in my heart this weekend as you celebrate this amazing women's life, wish I could be there in person 😞...Love you sista and will be thinking of you as always 🤔XO*

“ My grandma loved having her family over. Whether if it was for a holiday, dinner, or just because. I spent many nights at their house, and I loved every second I was over there. My grandma was one of my best friends. She used to spend every second she had with us when we would visit, even with as often as we were over there. She would keep us busy in the kitchen around the holidays reading old recipes and making tons of cookies. She taught me how to play Yahtzee, Double Solitaire, and would always have the best coloring books and painting books. Every time I stayed the night, she would sit in bed with me telling me stories from the past while tickling my arms until I fell asleep. She was always so loving, generous, and so, so funny. I miss her a ton, but I know she's happy dancing with my grandpa now.

Such awesome memories you have of Grandma, Danielle. <3 She was a lot of fun to be around! My grandma taught me how to play Double Solitaire. And I used to play Yahtzee with my Grandma and your Grandma. We had lots of fun spending time together. My Grandma also used to tickle me arms and tell me stories, too. It's funny how that carried on. I'll have to do that with your girls, too. I'm sure her and Grandpa are living it up! <3

“ When I was little your Mom used to babysit me ( it was more like a playdate ). She thought I was fun, the feeling was mutual. Then I had the fun of babysitting for you.  
How time passes so quickly, I am certain you miss her, how she loved you. I would really love for us to get together, and share the family history.

*Hi Denise. Thank you for your comments. I miss her terribly! She was my best friend. Please tell me how we are related. I didn't know you used to babysit me. I would love to get together. Are you local to us in Michigan?*
