I'm so sorry to hear about the passing of a good friend Norman Murrell . I worked with Norm at Tapetronics/Motown in Michigan for many years. I hired him when I found out he was from Hazel Park. We got to be good friends. A few years later he took a trip out to Colorado where I moved and with his son went to go to his sister`s wedding. We went to Red Rocks Park the day befor of the wedding and did some site seeing. That very same day a blizzard moved into the area that made it almost impossible to drive anywhere. We were driving my 4X4 truck so I was able to drive him and his son over to his sister`s but there had to be almost 12 to 18 of snow on the ground that night. I can`t remember if the wedding got delayed or not. But I remember he said it was a big adventure for him and his son. Norm was a Nerd like I am and we use to chat on the phone about electronics, audio and electrical stuff. I will miss our chats my friend, wished you could of made another trip out here and go fishing to some of the places we talked about. Rest in Peace my friend your troubles are over and we will meet up again one day.your friend Jim
