“ *Jon was always the sweetest man to me. I loved seeing his smiling face pull up with his big daddy truck. I loved our hours of sitting and chatting. I learned so much about him in his later years. He will be greatly missed.*

“ *My condolence to Jon's two wonderful children and family. Years ago Jon took me to the races with him when he had his black Gremlin to race. First time at the raceway for me. It was loud but fun and he won. I will never forget the little African Spinney Mice that young Jon gave my son years ago! Boy do those things multiply, we had so many it was crazy. Jon was working on a car that he needed doors for when I was headed to Tennessee and he asked if I could look for some and we did find a pair in real good shape. That car was sharp when he was done with it. He sure was talented! Jon was a joy to be around and will surely be missed. See you when we all get to heaven!*

I met John when we were 10 or 11 years old... we wound up working together at G.M. at Milford Proving Ground... John loved Holly and he loved his family... He was a great mechanic and I was proud to call him my friend.
