“ What a kind and vibrant woman so full of life, her magnificent smile and outgoing personality would just lift you up even if by accident. I remember seeing her n my great grandfather just a few times when I was younger, in 2001 I moved to weidman and ironically was her and Don's neighbor from down the way. Seeing her and Don honk and wave at me or my girls always made me feel right at home. She projected such a positive energy onto others and I know the world will sorely miss this aspect of her. I will miss you grandma pat and hope your beautiful soul takes you to far beyond places you haven't yet traveled!!!
