“ Shirley met her husband at her parents home. He was their paperboy & lived on a farm down the road. When they married they purchased property, 40 acres & built up their farm. Horses, chickens, goats. She made her own goat cheese! Her husband delivered drinking water to other farms in Southeast Michigan. Shirley was crafty, using recycled materials. One example was making beads from old magazine pages. She refinished old furniture so perfectly, the pieces looked brand new! A very inspiring lady! RIP Sweet Aunt Shirley!♡♡♡
