“ *I could fill the page with memories. All of them would make you smile and laugh. But those of you who didn't know "Stish" like we did, it might be hard to understand our memories. One involved a dozen raw eggs another a kiwi. But everything was because she was one the kids, a cousin and got treated like we all treated each other. Nobody was exempt from smelling our armpits if you wanted to play with us! She was thoughtful to everyone, and boy did she love her cards!!! She was a nice person and I will think of her often. Love Kimm Polick-her cousin*
