“What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch. We may not understand why you left this earth so soon, or why you left before we were ready to say good-bye, but little by little, we begin to remember not just that you died, but that you lived. And that your life gave us memories too beautiful to forget” Me in particular have 25 years of memories. When I first met you I was like who does that. We were college students at Southern University. Your best friend Vanessa was my suite mate. We all went to Winn-Dixie grocery store. You grabbed a ball and was bouncing throughout our time in the store. Your laughter was very loud. That was our first meeting of one another. You asked me days later to the Military Ball. That evening was fun. All eyes was on us, as I walked down the stairs to meet you. You was so nervous but the look on your face said it all, that you approve. We became close friends after that night and have remained friends. You been there when I needed someone and I as well for you. Rest Thomas Rest In Peace!
