“ Tim my friend. You were my first journeyman at Metal Fab during my apprenticeship. I learned alot and we had a lot of fun working together. We become friends and I will always remember the great times we had going to our annual Casino and Red Wing games. We even watched the tigers play in the day and wings at night. You were hands down the biggest wings fan I know. But the greatest time we had was going to the 1997 Stanley cup game 4 and watching the Wings win the cup. We stayed till they kicked us out of our seats. A once in a lifetime event. As Tim would say GO WINGS! I'll always remember those great times. I'll miss you my friend

“ I will remember tim for all his help at our funeral dinners at St. John's....he was always so upbeat and very much fun to be around. He gave me many crosses as our family travels a lot, and he asked that I give them out on my travels, which I did, then I had to let him know where they ended up, he loved the stories of how I shared his talent. My condolences to his entire family, he fought the good fight.

“ I have so many memories of Tim because we shared a lot together. After mom & dad moved to Tucson we would try our best to go out to visit them together. We had the best times driving there together. it takes 4 days to get there so we made our trip as fun as can be. Those trips were the most wonderful moments. Tim has been more than a brother to me. He has been my protector, being an older brother, and friend. He loved his family and was so proud of them. Most important of all was his relationship with God. Because of Tim many from all over the world have one of his hand made crosses. He was a master craftsman. His woodwork was made with love and precision. I have been blessed to have several items he made. I will cherish them forever. I always admired his sense of humor. He truly had a comical side. Anytime you spent time with him you were sure to get a few chuckles in. I feel blessed to call him my brother. I will cherish my memories of him. I will miss him without a doubt. God only made one of him. I love you Timsie. May your soul rest in peace. Sissy #1

“ I feel that Tim and I hit it off immediately when he brought Mom, Teri and Troy to Tucson for Tom and my wedding in October 1967. He accepted me as part of the Alger family immediately. We were only about 3 weeks apart, his birthday being June 15 and mine July 7 of the same year. Always enjoyed getting to see him when he would come to Tucson to visit Mom. We shared many good times together and, I hope, that he had fond memories of me as well. Rest in peace, Tim, with no more pain! . . . Love, ~Nancy~

One of the greatest men I ever had the pleasure of knowing. My home is filled with no many of his crosses. Every year he would bring me a new one and even made on for my daughter when he found out I was pregnant. Just an amazing man. I am honored to have known him.
