

Waldemar Wolosiewicz

March 26, 1951 - July 18, 2017

Waldemar Wolosiewicz of Holly passed into eternal light on the morning of July 18th. He was born in Białogard, Poland, in 1951. Waldemar immigrated to the United States in 1976 where he attended Saint Mary's College in Orchard Lake. This is where he met his devoted wife of 40 years, Sue Wolosiewicz. Waldemar is deeply adored, admired, and missed by the three jewels in his crown, his daughters, Krystyna Tufts, Kathy Wolosiewicz, and Laura Wolosiewicz. His brothers, Czesiek, Zbigniew, and Mirosław Wolosiewicz continue to honor the family name. He was an intellectual companion to his son-in-law, Brandon Tufts, and a loving Dziadek to his grandchildren, Aislynn and Liam Tufts.

Waldemar retired as an award-winning Surveying Engineer for Canadian National Railroad. His track designs are still in place all around the Midwest. A truly unique portrait of the American Dream, Waldemar became a United States citizen in January of this year.

Waldemar was a philosopher of life and lightheartedly challenged the perceptions of all those who knew him. Always a book or newspaper in his hands, Waldemar was a Polish historian with a flare for storytelling. He loved loud music and foreign films. Waldemar appreciated all forms of beauty; from a simple blade of grass to the dozens of white rabbits he raised as pets. He will be forever missed by those who had the honor of knowing him.

“ *Waldemar was a gem in his own right and an absolute character that I wouldn't have wanted to miss in my life's journey. I worked with him in the Engineering Department at the railroad for many year. His face would just light up at the mention of any of his daughters. He was very proud of each of them and he loved to show pictures and give updates on them. His wit and knowledge was unbounded. He was quick with a smile and a helping hand. I was proud to call him my friend. I thank you and God for sharing him with all of us. My prayers are with you. God Bless you all. Rest in peace Waldemar. Cookie*

“ I met Waldemar when the DT&I RR merged with the GTW RR. We both were in the Survey and Construction department at that time. I was on awe of his mathematical prowess. Waldemar was so interesting to talk to as he shared his past and hopes for the future! He had a great sense of humor as well. So sad to hear of his passing. My thoughts and prayers are with the family. God bless!
