“ Coach Taylor may you always hit 'em long and straight in heaven, and score nothing but birdies and eagles. You truly touched my life. By changing my golf grip while you were my golf coach, I would never have been good enough to become a PGA Golf Professional. Without your emphasis on obtaining good grades, I would never have become a Foot and Ankle surgeon. I was truly blessed to have such a knowledgeable teacher and exceptional golf coach. Thank you for caring enough to help the countless number of young people in our community with education, with life lessons, and with golf for all those years. RIP Coach. Your 88' team captain.

Coach Taylor was one of the most influential mentors I had in high school. He taught me so much on the golf course and in the classroom. I've done my best to instill his qualities he taught me in my kids. RIP Coach, Your 86' Captain

“ *Over the last several years, Bill and I visited often while he did yard work on Maple Street, where we played a lot of basketball as kids. He was a real gentleman, scholar, athlete and friend. Rest in peace my friend.*
